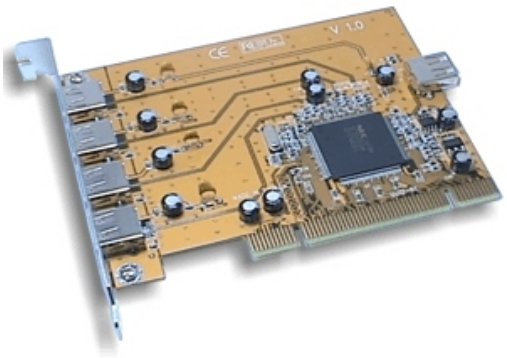
ANUBIS USB2.0 4+1 ADAPTER CARD

PRODUCT SPECIFICATION



Introduction

A force multiplier that increases your computer capabilities by adding more USB ports both externally and internally. The Anubis USB2.0 4+1 Adapter card also supports the latest USB 2.0 standard for faster data transfer and high demands.

Designed on a 32-bit PCI card with 4 USB ports on the metal bracket and one onboard for internal access. With the Anubis USB2.0 4+1 Adapter Card, your computer can support up to 127 USB devices and enhance your computer performances by hot-plugging high valued USB devices.
